Let the recovery begin...

Millin Associates

→ **Medical Billing & Consulting** is the Healthcare Industry's specialist for converting unpaid Medicaid, Medicaid Managed Care, Medicare, Health Insurance & other third party carrier claims into paid claims before they are automatically written off due to regulatory time constraints.

Many healthcare facilities have records that show an excessive amount of denied claims. Why reduce the effectiveness of your in-house staff by continuing to rebill these claims? Millin's Platinum Research Service will find and correct these errors before resubmitting for payment resulting in a high percentage of paid claims. We provide guidance through the complicated maze of regulatory changes and show you how to get maximum reimbursement under the latest guidelines.
